How It Works

1

Add Your Parts

Enter part numbers, attach documents and photos, track serials, batches and conditions your way.

2

Share Your Link

Get an instant storefront. Send it to your buyers. No website needed. It's your catalog, your brand. Buyers see live inventory, not a static pdf.

3

Receive RFQs

Buyers submit quote requests directly from your storefront. You review, respond and track every request from one dashboard. No more lost emails or missed opportunities
